US Environmental Protection Agency
Philadelphia, PA 19103-2029

January 9, 1986 (Addendum)

There is no visual evidence that disposal activity has occurred on the Study Area since 1977. The fill area that covers most of the Study Area remains relatively unchanged. All but the center section of the Study Area is covered in brush and trees.

ERRATA for "Historical Aerial Photographic Analysis, 12th Street Dump Site Study area, Wilmington, Delaware, December 3, 2007"

June 10, 1988 (Figure 15)

change page 34, first sentence to read

"There is no visual evidence that disposal activity has occurred on the Study Area since **1986**."
Rather than 1977.
